METABOLIC HEALTH RETREAT

Why Combe Grove

Settled in 70 acres of mature woodland with inspirational views across Somerset and Wiltshire, Combe Grove is situated within an Area of Outstanding Natural Beauty in Bath, a double listed UNESCO World Heritage City.

Combe Grove is a part of a charitable trust dedicated to the natural and informed enhancement of human wellbeing through advanced medical practice and holistic integration. Every aspect of your experience at Combe Grove has been expertly curated to provide you with the tools, environment, knowledge and support to activate and realise a profound and sustainable reset in your life.

RECOMMENDED FOR PEOPLE:

- that want to achieve measurable improvements in their current and future health outcomes
- that want to experience genuine influence and control within their own wellbeing and happiness
- with lifestyle and stress induced medical conditions
- with a diagnosis of Prediabetes

Metabolic Health

The Metabolic Health Programme

A unique opportunity to restore and redefine your health outcomes within a natural environment consciously optimised to deliver success. Medically scientific and comprehensively holistic, The Metabolic Health Programme delivers measurable and sustainable improvements to fundamental elements of physical and mental wellness within every human being.

Developed in association with leading medical, nutritional and movement specialists, the Metabolic Health Programme asserts that most modern diseases are preventable, treatable and in many cases reversible without resorting to traditional medical intervention. The Programme is supported by Dr Campbell Murdoch, a leading advocate of metabolic health with a specialism in Type 2 Diabetes.

From high blood pressure to Type 2 Diabetes, fertility issues, fatty liver and musculoskeletal conditions, improved metabolic health allows the body to heal in a natural and enduring way, and the Metabolic Health Programme provides a medically proven pathway to refresh and revitalise your current and future wellbeing.

It is a personalised journey towards enhanced wellness from the moment of first contact with Combe Grove, each Programme is tailored to individual health requirements and ambitions, each outcome built on strong, sustainable foundations of metabolic health and achievable steps towards measurably improved and a fully optimised you.

The Five Roots of Metabolic Health

Central to the journey advocated at Combe Grove is the intention and ability to refresh and rebalance the Five Roots of Metabolic Health. In recalibrating your relationship with these key aspects of the human experience, you present your mind and body with the optimum conditions to thrive.

NUTRITION

In-house nutritionists and experienced chefs create seasonal menus that draw upon principles of metabolic health to deliver deliciously nourishing meals throughout your time at Combe Grove. All dishes are prepared using produce grown on the Estate or sourced locally, ensuring that the freshest and most nutrient-dense food is served every mealtime. Expert nutritionists and dietitians guide you through workshops designed to enhance understanding of metabolic health, allowing you to create meaningful change through a deep appreciation of how the body processes and responds to the food we eat.

MOVEMENT

Daily and regular movement is essential for maintaining and supporting metabolic health. Supported by advanced facilities and highly qualified movement specialists, we make it easy to take a new position on how and why you move. From the nature-inspired gym, yoga studios and swimming pools to the tennis courts and woodland walks, our approach to fitness and physical development combines state of the art equipment and ecologically conscious spaces with expert workshops and personal tuition to ensure a perfect environment to grow.

SLEEP

Often overlooked as an essential component within physical and mental health, sleep is where we increase our body's natural ability to repair, and to restore energy for a full and active day when we wake. The Metabolic Health Programme delivers dedicated sleep workshops, meditations and relaxation sessions that will change your relationship with enhanced quality sleep and the wellness benefits it brings.

MINDSET

Frame of mind is the window by which we perceive and receive the world, and it is our mindset that provides the key to sustainable progress in the fulfillment of all life's aspirations and goals. How and what we think is reflected in our physical health, our communication with others, our ambitions and our ability to wind down, let go and relax. Dedicated mindset workshops provide powerful insights within a supportive and nurturing environment, allowing you the space to develop fresh perspectives and approaches towards a happier and healthier life ahead.

ENVIRONMENT

Environment has a profound yet undervalued effect on mood, energy levels and habitual behaviour. In changing our environment, we experience ourselves differently and create new opportunities to explore and flourish. The beautiful natural environment at Combe Grove presents a unique context to focus on the improvement of health and wellbeing. The 70 acres of valley woodland, consciously developed to work in harmony with nature and increase biodiversity.

 - Our online Ask the Expert service to share experiences and gain advice from our consultants
 - Access to regular articles and videos ranging from delicious recipes with seasonal ingredients to mindset motivation or gentle activities to keep your body moving
- Exclusive access to return to the Estate for a minimum three night stay at a discounted rate including full health assessment and all nutritious food and use of the health and wellbeing facilities

Stay

Advanced Process, Holistic Treatment

Advanced

The Metabolic Health Programme at Combe Grove is unique within the UK - it combines comprehensive medical assessment and regular measurement of core health metrics with an array of therapies and treatments designed to fully address the holistic promotion of wellness within you.

From first contact to full health audit to programme completion, qualified nutritionists will discuss and advise on options and personalised approaches within the Programme, ensuring that your experience is optimised to your specific needs.

IR HEALTH CHECK

Combe Grove GPs and registered Nurses are present at every step within your journey towards improved metabolic health and optimal wellness. All guests receive comprehensive health assessments that feed into the personalised Programmes developed at Combe Grove.

Our IR (Insulin Resistance) Health Check is designed to assess key denotations of metabolic health.

HBA1C AND CHOLESTEROL BLOOD CHECKS

Each guest has their blood tested for a series of predispositions, from Diabetes to critical aspects of heart health and performance. Our checks also monitor Cholesterol levels, providing vital information that is precise.

ACCUNIQ

The AccunIQ is a state-of-the-art, comprehensive body composition measurement device that delivers a full and accurate profile of skeletal mass, lean muscle mass and fat mass. Through a series of one-to-one consultations, our expert nutritionists use these measurements to guide and support you in reaching your body composition goals.

PERSONAL SESSIONS

From weight loss to core strength, our team of expert medical professionals, dieticians, nutritionists and movement specialists will identify and develop bespoke approaches to assist physical and mental development towards achieving enhanced wellness.

A scenic landscape at sunrise or sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. A valley is filled with a thick layer of fog or mist, which reflects the sunlight. In the distance, a small village with several houses is visible, nestled among the trees. The foreground is dominated by dark, silhouetted trees and foliage. The sky is a mix of blue and orange, with some wispy clouds.

*“Time to reset, understand and improve your life by
significantly enhancing your health and wellbeing.”*

Treatments & Therapies

Complimenting the Five Roots, our portfolio of Treatments and Therapies exist to alleviate and treat a wide range of ailments. Highly qualified Practitioners are available throughout the Metabolic Health Programme to provide the following therapeutic treatments.

REFLEXOLOGY

The relief of pain through stimulation of predefined pressure points on the feet and hands. Reflexology is effective for promoting good health and preventing illness in addition to treating and relieving symptoms of stress, injury and illness.

ACUPUNCTURE

Each guest has their blood tested for a series of predispositions, from Diabetes to critical aspects of heart health and performance. Our checks also monitor Cholesterol levels, providing vital information that is precise.

KINESIOLOGY

Muscle testing is used to balance the body physically, emotionally, energetically and nutritionally. Imbalances are identified and corrected using a personalised prescription of nutritional supplements, emotional stress release techniques, acupressure, reflex massage and expert guidance on sustainable lifestyle change.

REIKI

An ancient Japanese healing technique, Reiki is designed to realign the body's natural energies in ways that are deeply conducive to wellness. Gentle and non-invasive, it aids relaxation, assists the body's natural healing process, relieves emotional stress and benefits overall wellbeing.

BODY THERAPIES

BESPOKE AROMATHERAPY MASSAGE

A free style full body massage created to suit bespoke needs and designed to ease aches and pains and to cleanse the lymphatic system using a blended oil of your choice from massage specialists Made for Life.

SWEDISH MASSAGE

This therapy uses long strokes and kneading to encourage and improve blood circulation. It also relieves muscle tension, stretches tight ligaments and eases emotional stress.

DEEP TISSUE MASSAGE

Applying firmer pressure and slower, more concentrated strokes alleviates chronic aches, pains and stiffness, noticeably improving tight joints and muscle movement.

The Team at Combe Grove

The Metabolic Health Programme is committed to drawing upon the most talented and experienced professionals to provide a unique reset opportunity for guests at Combe Grove. Our team of GP's, registered nurses, dietitians, nutritionists and movement experts all specialise in metabolic health, delivering medically comprehensive assessments and experienced personalised guidance towards natural wellness for every guest at the Estate.

Facilities

Our state-of-the-art indoor gym is equipped with innovative equipment selected for its sustainability and eco-credentials in support of our wider ambitions to become net zero.

- Two indoor Astro tennis bubbles, newly resurfaced and floodlit enabling year-round play
- One outdoor hardcourt, newly resurfaced tennis court
- The Oak Room, a beautifully spacious venue for workshops, presentations, yoga and meditation
- Light and spacious yoga studio
- Numerous woodland walking and running trails

Facilities

Indoor & Outdoor Pools

Enjoy our steam room or sit back and unwind on one of four Hydro spa beds, designed to relieve muscle and joint pain using water jets that target the muscles along the back and legs. The pool is kept at a temperature of 29° Celsius – warm enough for a relaxing dip or, if you're feeling more energetic, an invigorating swim.

- Four Hydro therapy beds
- Steam room
- Sauna
- 16.6 metres long, 7 metres wide and 1.5 metres deep

Facilities

Time In Nature

All Combe Grove rooms are carefully designed and beautifully appointed to ensure that all prerequisites for a naturally restful and serene stay are present from the moment you arrive. Personalised welcome packs relating to specific aspects of your health journey are included in your room, and every attention to detail has been considered in the promotion of restorative wellness.

For some guests it may be both enjoyable and helpful to be accompanied by their life partner and this option is offered at a reduced rate for both occupants upon request.

OUR ROOMS

WOODLAND VIEW

These cosy top-floor rooms look out upon the woodland canopy and capture the last of the day's warm light. The Woodland Rooms can be accessed from the East Porch.

ORCHARD

Ground floor rooms with a spacious terrace area with table and chairs.

COPPICE

The Coppice Rooms have views over the South of Bath and the Limpley Stoke Valley, an AONB, that can be enjoyed from a comfortable, spacious window seat.

GROVE

These spacious rooms offer relaxing views over the South of Bath and the Limpley Stoke Valley, an AONB. The Grove Rooms have an outdoor balcony area with table and chairs. These are located on the first floor and accessed via the East Porch.

About the Estate

The serene, wooded Combe Grove Estate provides guests with the perfect retreat from everyday life, allowing them to fully focus on their recalibration of health and wellbeing.

As custodians of the land, we are mindful of the vital role we have in conserving and enhancing the landscape and its development. Since arriving in 2017, we have embarked on a journey to intimately learn about the land, its inhabitants and its history so that we may better understand and respond to the needs of the Estate accordingly.

The rewilding programme has been a great success, bringing roe deer, rabbits, badgers and foxes to the Estate, alongside a wonderful variety of native insects and birds. This abundance of wildlife is supported by a mosaic of woodland, scrubland, grassland, edible hedgerows and a large spring that feeds several rivulets into the Limpley Stoke Valley.

From drystone walls to the planting of medicinal herbs, from keeping goats to the incorporation of traditional and sustainable agricultural practices, every effort is made to harmonise and achieve true symbiosis with nature.

Estate

See you Soon

The Metabolic Health Programme is a naturally transformative process for mind and body, restoring personal control and creating clear paths to the achievement of measurably improved health and wellness outcomes.

Our expert Doctors, Practitioners and Therapists aim to move the dial on how individuals and institutions perceive and engage with wellbeing, and how the Five Roots of Metabolic Health represent the keys to positive, informed and sustainable life change.

Combe Grove is a place of purpose, beauty, learning and nourishment. A place where individuals feel held whilst they rest, restore and reset.

Please ring 01225 834 644 (Monday to Friday 8 am to 5 pm) or email welcome@combegrove.com to speak to a member of our Team. We are excited for your journey and look forward to welcoming you soon.

Combe Grove is a centre for integrated health and wellness located in the Bath countryside, overlooking the Limpley Stoke Valley. We are committed to providing our members with the opportunity to rest, restore and reset in an area of outstanding natural beauty in Bath, a double listed UNESCO World Heritage City.
